

TECH TOOLS, A DEVELOPMENTAL TECHNOLOGY LIBRARY CATALOG

A program of United Cerebral Palsy of Nebraska

**Host Site:
Bryan Medical Center East Campus**

Introduction:

Play is an essential component of growing up. As children engage in play, they practice and master specific physical, psycho-social, emotional, and creative skills necessary for understanding and interacting with the world around them.

The **Tech Tools, A Developmental Technology Library** allows individuals of all ages and abilities to explore the world of play and participate more independently within their environment, at home, or at school.

Tech Tools is a unique program offered through [United Cerebral Palsy of Nebraska](#). The lending library consists of sophisticated augmentative technology and devices for individuals with a special need. These adapted toys and devices are loaned to families, professionals and other care providers at no cost.

In this catalog you will find a description of each item in the library located at Bryan Pediatric Rehab Services. Listed below are categories and generalized types of items:

Adapted Toys (Switch Required)	Leisure/Recreation
Adapted Toys (Non-Switch)	Sensory
Adapted Supports	Switches
Communication Devices	Therapeutic Listening System

FAQ: Why are these libraries needed?

Market prices of adapted toys and devices can be 3-5x that of normal toys, placing additional financial burden on families/guardians already navigating inordinate care-related costs. Given children's quickly changing interests and these high costs, people with disabilities tend not to have adequate access to them for play, inclusion and independence. Items are available on loan so they can be tested before a costly purchase.

Adapted Toys (Switch Required)

UCP 02040	<p style="text-align: center;">Led Fan</p> 	<p>Stay cool and be entertained with this adapted fan that's also a light show! With just the push of a button, the fan's LED lights create more than 30 different color patterns. Two suction cups hold the fan in place.</p> <p><i>Note: Works with or without a capability switch</i></p>
UCP 02046	<p style="text-align: center;">Music and Lights Caterpillar</p> 	<p>Activate a capability switch or push the pink button on its back and it will play 16 different songs while its four colorful lights flash in time to the music. Music and Light Caterpillar increases auditory and language development too.</p>
UCP 02052	<p style="text-align: center;">Music Box</p> 	<p>Plug in up to four of your capability switches to hear four different tunes and see flashing lights.</p>
UCP 02059	<p style="text-align: center;">Adapted Color Spinout</p> 	<p>Create colorful designs and patterns with a press of a switch. Adjust gear arms for dozens of different patterns. Connects up to 3 markers at once. Set includes: 6 markers and 40 paper sheets.</p>
UCP 00205	<p style="text-align: center;">Starry Night</p> 	<p>User's activate a switch and relax to their favorite calming sound while watching the stars project on a ceiling. Sounds include birds, brooks, rainforest, ocean waves, and rain which help to develop listening skills. Light and sound can be used separately or together.</p>
UCP 00355	<p style="text-align: center;">Shimmering Dome</p> 	<p>This multi-colored musical light dome offers a one-of-a-kind experience. Just touch the dome's black frame and let the show begin! Great for increasing visual attention and color recognition.</p> <p><i>Note: Works with or without a capability switch.</i></p>

Adapted Toys (Non-Switch)

UCP 02047	<p style="text-align: center;">Bead Chain in a Box</p> 	<p>Touch the bead chain box and behold—lights, music and vibration! A delightful way to teach cause and effect and increase visual, auditory and tactile sensory awareness.</p>
