

TECH TOOLS, A DEVELOPMENTAL TECHNOLOGY LIBRARY CATALOG

A program of United Cerebral Palsy of Nebraska

Host Site:
Madonna Rehabilitation Hospital
Lincoln Campus

Introduction:

Play is an essential component of growing up. As children engage in play, they practice and master specific physical, psycho-social, emotional, and creative skills necessary for understanding and interacting with the world around them.

The **Tech Tools, A Developmental Technology Library** allows individuals of all ages and abilities to explore the world of play and participate more independently within their environment, at home, or at school.

Tech Tools is a unique program offered through [United Cerebral Palsy of Nebraska](#). The lending library consists of sophisticated augmentative technology and devices for individuals with a special need. These adapted toys and devices are loaned to families, professionals and other care providers at no cost.

In this catalog you will find a description of each item in the library at Madonna. Listed below are categories and generalized types of items:

Adapted Toys (Switch Required)	Leisure/Recreation
Adapted Toys (Non-Switch)	Sensory
Adapted Supports	Switches
Communication Devices	Therapeutic Listening System

FAQ: Why are these libraries needed?

Market prices of adapted toys and devices can be 3-5x that of normal toys, placing additional financial burden on families/guardians already navigating inordinate care-related costs. Given children's quickly changing interests and these high costs, people with disabilities tend not to have adequate access to them for play, inclusion and independence. Items are available on loan so they can be tested before a costly purchase.

Adapted Toys (Switch Required)

UCP 00739	<p>Musical Top</p> 	<p>This switch activated toy makes noise and spins as a train rambles along the track. Good for sensory stimulation, attention and cause and effect!</p>
UCP 01334 UCP 01335	<p>Crayola Daisy Doodle with Wireless Switch</p> 	<p>Choose a pen, select a pattern and get Doodle Daisy busy. Decorate a drawing with stamper boots, stencil hat and 5 pens, included.</p>
UCP 01367	<p>Rainforest Waterfall</p> 	<p>Activate a capability switch and colorful lights slowly turn on and off while rainforest pals play peek-a-boo and move about in the leaves. Great for increasing visual attention and tracking.</p>
UCP 01429	<p>Octopus Bubble Party Machine</p> 	<p>The octopus' head bobbles and wiggles while its eight rotating tentacle wands swivel round and round releasing endless bubble fun.</p>
UCP 01648	<p>Dora the Explorer Bubble Blower</p> 	<p>Use a capability switch to activate Dora and have tons of fun with all the bubbles!</p> <p><i>Note: Can be used with or without a switch.</i></p>
UCP 01551	<p>Push and See Giraffe</p> 	<p>Activate a capability switch to hear fun sounds and tunes. Great for teaching cause and effect, promoting eye-hand coordination and increasing fine motor skills.</p>
UCP 01630	<p>Bingo</p> 	<p>Activate a capability switch and the cage rotates and a number pops out into the tray. Great for number matching and enhancing scanning skills.</p>

UCP 00636	Adapted Battery Operated Scissors 	<p>These switch-adapted scissors are easy to use and make craft activities and other participation possible for even the most profoundly impaired. AA alkaline batteries required.</p> <p><i>Note: Can be used with or without a switch.</i></p>
UCP 02657	The Twinkler 	<p>A multi-sensory extravaganza! Just press its bright yellow textured switch and this toy sends colorful sparkles flying while it plays music and lights up. Have a ball while increasing visual and tactile awareness!</p> <p><i>Note: Can be used with our without a switch.</i></p>
UCP 02658	Musical Twister 	<p>Hold on to your hats! There's a twister coming! Just activate a capability switch to behold the twister's swirling glitter and hear its enchanting music. Comes with on/off or momentary switch activation. A truly captivating experience that improves visual attention and listening skills.</p>

Adapted Toys (Non-Switch)

UCP0748	Dome Alone 	<p>Users will love to watch the bright confetti-like objects dance around. A splendid tempest of music, color and light.</p>
UCP 00713	Jumpy Crab 	<p>Sound activated and battery activated toy</p>
UCP 00681 UCP 00701	Bubble Busy Box 	<p>Push the brightly colored buttons or tug on the pull ball switches to activate vibration, lights or music. Great for developing eye-hand coordination, fine motor skills and gross arm movements.</p>

UCP 5.030	Blue Busy Box 	Activate vibration and music with this busy box. Develops eye-hand coordination, fine motor skills and gross arm movements.
UCP 01239	Explore-A-Center 	This multisensory activity center encourages parallel play. Features eight different activities which teach cause and effect that offer lights, music and vibration.
UCP 00190	Talking Containerizing Toy 	A pre-recorded 20 second message will play whenever a shape hits the bottom of the tube.
UCP 00686	Magnetic Color Cubes 	Opportunity for endless patterns and designs. 100 Wooden 1/2" cubes in beautiful lustrous colors allow the creative edge to flourish.
UCP 00694	Foam Tractor Puzzle 	Great for color and shape recognition. Lightweight puzzle consists of chunky pieces in different colors.
UCP0688	Puzzle Pillar 	Four piece puzzle in primary colors with textures. It rewards the user with lights, music or vibration when each piece is correctly put in place.
UCP 01369	Acrylic Numbers 	Teach basic visual skills! These can assist in the instruction of eye-hand coordination, visual discrimination, and visual perceptual skills.
UCP 01371	Acrylic Letters 	Teach basic visual skills! These can assist in the instruction of eye-hand coordination, visual discrimination, and visual perceptual skills.

Madonna Rehabilitation Hospitals-Lincoln Campus
5401 South Street
Lincoln, NE 68506
402-413-3683

UCP 01358	Lighted Musical Butterfly 	The user will be mesmerized watching this purple butterfly light up as it sits atop a colorful spinning carousel. As it spins, it serenades with six soothing melodies. Offers an enchanting tactile and auditory experience.
UCP 00667	Twinkle Twinkle Playing Shaker Tube 	Plays the song "Twinkle Twinkle Little Star" while enjoying an arrangement of colors and shapes inside the tube. Great for visual, auditory and physical stimulation.
UCP 00386	Creative Minds Figurine Set Friends with Diverse Disabilities 	Includes 6 figurine dolls of various appearances and ages to reflect the real world for more inclusive play.
UCP 00296	Tomy Hide-n-Squeak Eggs 	Crack open the shells to reveal six egg-straw special colored chicks. Users can learn shapes by sorting each shell into its own carton spot. Press down gently on their heads to hear them Cheep!
UCP 00383	Ha Ha Button 	From quick and rapid laughing to a cute giggle, offers eleven different phrases in all, spoken with different voices and different moods, so there's the perfect laugh for any situation.

Adapted Supports

UCP 00651 UCP 01308	KidTRAC Trackball 	Extra large buttons - easy to find and click. The large, high-density ball and the shape of the case act as a natural hand rest that mirrors the contour of the hand. Ambidextrous feature accommodates both right and left hands of all sizes. No need to move your arm or rotate your wrist from side to side.
------------------------	---	--

UCP 01269	<p>Red Joystick</p> 	<p>Computer mouse maneuvering is now easier with this joystick! Attach to your computer and experience easier navigation.</p>
UCP 01381	<p>Adjustable Screen Stylus</p> 	<p>Helps users with limited dexterity to use touch-screen devices quickly and accurately.</p>
UCP 01548	<p>EZ See Large Print Keyboard</p> 	<p>This large button keyboard is high quality and is perfect for all low vision computer users. Large lettering is available, attractive, low profile key design, large bold legends, high quality switch technology, gentle key bounce force and USB connection.</p>
UCP 00683	<p>Prop It: Speech Therapy Tool Kit</p> 	<p>This book rest/easel is recommended for visually challenged individuals and other users who may need close proximity to reading and writing materials. Using this product promotes an erect head and trunk and encourages optimal eye gaze, which can be especially beneficial when a user is oriented back in space.</p>
UCP 00753	<p>Transfer Pivot Disk</p> 	<p>This object rotates and spins. Can be used to place toys on for a fun experience or to be used for transferring.</p>
UCP 01302	<p>Stay Put Easel</p> 	<p>Clamp this easel to a lap tray or tabletop to keep valuable devices like switches, communicators and toys secure by attaching them to the super-strong velcro strips on the easel.</p>
UCP 01376	<p>Smart Phone Holder and Mounting System</p> 	<p>Mount is great for the person who needs special physical placement. The mounting system easily attaches to a wheelchair, tabletop, bedrail or tray. Holder is compatible with most smart phones including iPhone and Android.</p>
UCP 01378	<p>Tablet Holder with Mount</p> 	<p>The mounting system easily attaches to a wheelchair, tabletop, bedrail or tray. Holder is compatible with most tablets and ebook readers including iPad mini, Kindle, Kindle Fire, Nook, Motorola Xoom, Samsung Galaxy Tablet, Asus Transformer and similar tablets.</p>

UCP 01384	Powerlink 3 Control Unit 	An environmental control unit that allows the user to operate small electrical appliances through switch access. The control unit has two double outlets and is durable, portable, and meets rigorous safety standards. <i>(Use AirLink Cordless Switch located in Switches Section).</i>
UCP 00195	Mother's Third Arm with Pillow Switch 	An adjustable arm with a switch attachment that can be used by children and adults with limited arm strength and mobility. Can be clapped to any surface up to 2½ inches thick while the Pillow Switch can be adjusted to accommodate the user's needs. It can be attached to wheelchairs, tabletops, strollers or chairs.
UCP01361	Slant Board 	Perfect for assisting with handwriting training. Encourages proper wrist position for improved form in handwriting. Promotes better functional postural position and stability.

Communication Devices

UCP 00639 UCP 00922	Cheap Talk 4-Direct / Scan with Jacks 	A speech generating device that can record and playback four different messages of up to 5 seconds each. Can be activated through the use of direct selection by pressing one of four squares or one to four external switches, through the use of single or dual switch scanning.
UCP 01239	Cheap Talk 4 Direct with Jacks 	Great for providing communication and cognitive support, as well as enhancing and developing expressive and receptive behavior in adults. Users activate messages by pressing the corresponding square.
UCP 00781	Smart Talk 4 with Jacks 	Great for providing communication and cognitive support, as well as enhancing and developing expressive and receptive behavior in adults. Users activate messages by pressing the corresponding square.

UCP 01246	Cheap Talk 8 1-Level Communicator 	Can be activated by pressing one of eight message squares and has a total record time of 300 seconds. Ideal for the development of receptive and expressive language skills.
UCP 01247 UCP 04024	Twin Talk & Play Communicator 	Can be used to request attention, communicate needs and is appropriate for all ages. Designed to be used as a precursor, trainer and also to make simple choices, sing a song, make sound effects, participate in games and more. Allows the user to record, playback and re-record two 10 second messages.
UCP 00655	GO Talk 9+ 	Nine programable buttons allow the user to personalize each level with pictures and vocal recordings. A great device for users learning to associate words with objects.
UCP 00704	Grooved Platform Communicator 	Terrific for helping learners to identify objects and their names. Has platforms where objects and/or pictures can be placed. When users press the switch plate that corresponds to the appropriate object or photo, a 5-second message plays and lights turn on.
UCP 01303	Talkable II Communicator 	A compact visual message communicator which allows for simple communication. Features two messages recording, two output jacks, easy single message recording.
UCP 01340	8 Way Communicator 	This communicator is able to record eight different sounds but can only be activated by 2 buttons at a time. Useful for having multiple options for communication.

Leisure/Recreation

Sensory

UCP 00652	Wobble Cushion 	This spikey tactile cushion is great for users that need a little more sensory input throughout the day. It's fun to sit on and move around on!
UCP 02655	Sensory Pillow 	Learn through play. This pillow is sure to amaze and help the user work on real like skills.
UCP 02659	Volcano Glitter Lamp with Bluetooth Speaker 	Oodles of glitter sparkle and shine as they dance inside the volcano-shaped lamp. The light inside cycles through purple, blue, pink, green and red. Includes a Bluetooth speaker to play the user's favorite music. USB-charged battery lasts 5 hours on one charge. Includes USB charger cord.
UCP 02660	Textured Marble Fidget Board 	Who isn't attracted to the cool, smooth texture and colorful, visual appeal of marbles that move when you touch them? This unique, mirrored fidget board offers tactile and visual treats while also helping users to feel calm, focused and self-regulated.
UCP 00289	Jelly Pad 	Jelly pad are sensory tactile and can be used in many ways.

Switches

UCP 00312	Big Talk 	Record a message, song or joke! 20 seconds of recording time. Can be activated by an external switch, output for activating other devices, and single message recording.
-----------	--	--

UCP 00643	Wobble Switch 	A popular choice for users who lack the upper extremity control necessary for other types of switches, wobbles can be activated by any gross motor movement that swipes its lever.
UCP 00653	Gumdrop Switch 	The Gumdrop switch is a light weight and compact device which can be positioned anywhere on the body.
UCP 00654	Grip & Puff Switch 	Dual purpose sensitive switch! Activated by slightly squeezing the vinyl grip.
UCP 00710 UCP 00727	Oval Textured Switch 	This brightly colored switch has texture making it pleasing to all users. The large yellow button makes it very easy to press. Has options of switch, latch and time.
UCP 00711	Small Switch (2 in 1 Switch) 	This switch is smaller and can be more discretely placed. Good for fine motor skills.
UCP 00714	Red with Yellow Switch 	Positioned at an angle, making it easier to press and see for some individuals.
UCP 00715	Red Wrench Switch 	This is a lever switch with a protruding flat vinyl-covered metal lever. Any flexion of the leaf activates the switch.
UCP 01279	Pinch Switch 	Great for teaching prehension skills! Activated by even the slightest pressure.

Madonna Rehabilitation Hospitals-Lincoln Campus
5401 South Street
Lincoln, NE 68506
402-413-3683

UCP 00716	<p style="text-align: center;">Roller Switch</p> 	<p>Activated by rolling over the top of the wood piece. In addition to a switch, this can be used as a cause and effect toy because it makes sound when the user rolls the wooden piece.</p>
UCP 00717	<p style="text-align: center;">Biofeedback Pressure Switch</p> 	<p>Excellent for retaining the neuromuscular system. Designed to respond to 1-50 pounds of pressure. Choose a tone or music when correct pressure is applied. Or switch the sound to play when the weight is removed. Use as a switch when attached to a toy or other device.</p>
UCP 00718	<p style="text-align: center;">Universal Sensor Switch</p> 	<p>Can be used to operate one or two devices. Position the sensors wherever the user has the most control. The sensor switch is activated by the slightest movement; the sensitivity can be easily adjusted in-order to change the amount of movement needed for activation.</p>
UCP 00719	<p style="text-align: center;">Air Cushion Switch</p> 	<p>Sensitive pediatric assistive technology switch that fits in most hands. Slip it over the users hand and grasp it, or roll it on a tray or tabletop to use the switch to activate any device or toy.</p>
UCP 00708 UCP 00728	<p style="text-align: center;">Plate Switch</p> 	<p>Ergonomically designed to respond to even the gentlest touch, this brightly-colored plate switch will give users the power to control toys and devices independently.</p>
UCP 00734	<p style="text-align: center;">Sensi-Ball Switch</p> 	<p>Heightens sensory awareness! This tactile and visually stimulating switch provides a wonderful somatosensory experience when activating any toy or device.</p>

UCP 01304	Adjustable Angle Switch 	A fantastic, adjustable 5" switch that allows the user to set the angle from 32 degrees to 90 degrees for easy access.
UCP 01306	Finger Isolation Button 	This recessed button encourages isolated touch and is designed to help the user gain motor skills which are necessary for mastering computer keyboards and touch screen devices.
UCP 01311	On/Off Jumbo Switch (Yellow) 	This bright yellow Jumbo Switch is easy to use and just right for people unable to sustain hand pressure over time. Simply press the switch once to turn on the device and press it again to turn it off. Comes with a free plastic cover.
UCP 01379	Ultimate Switch 	The most universal, versatile, multi-faceted switch. Designed for use by even the most profoundly physically or neurologically challenged individuals. It requires only the slightest touch for activation.
UCP 01383 UCP 01385 UCP 01387	Airlink Cordless Switch 	A touch switch designed for use by individuals with upper extremity disabilities. Used without a cord, it can be used to remotely activate appliances, toys, etc. from a distance of 20 feet. It is used with the Power 3 Environmental Control Unit. <i>(See Adapted Supports Section for Powerlink 3 Control Unit)</i>
UCP 01284	Gumball Switch (Purple) 	This switch is versatile and durable. Small enough to be easily mounted anywhere. Provides tactile and audible feedback.
UCP 00331 UCP 00333	Gumball Switch (Blue) 	Recognized for their high quality and dependability, these best-selling switches feature a 2½" activation surface. Provides extraordinary tactile and audible feedback. Comes with two plastic covers – one with a lip, one without.
UCP 02380	Gumball Switch (Yellow) 	Recognized for their high quality and dependability, these best-selling switches feature a 2½" activation surface. Provides extraordinary tactile and audible feedback. Comes with two plastic covers – one with a lip, one without.

UCP 01322	Mini Gumball Switch (Purple) 	A smaller version of the Gumball Switch, the “minis” share the same incomparable tactile and auditory feedback, versatility and durability as their big siblings, but their smaller size means they can be mounted almost anywhere. Their bases have three holes for easy mounting and a removable mounting plate.
UCP 01323	Mini Gumball Switch (Yellow) 	A smaller version of the Gumball Switch, the “minis” share the same incomparable tactile and auditory feedback, versatility and durability as their big siblings, but their smaller size means they can be mounted almost anywhere. Their bases have three holes for easy mounting and a removable mounting plate.

Therapeutic Listening System

UCP 01562 UCP 02379 UCP 02656	SanDisk Player 	Therapeutic Listening is an evidence-based auditory intervention intended to support individuals who experience challenges with sensory processing dysfunction, listening, attention, and communication.
UCP 00137 UCP 00138 UCP 00139 UCP 00140 UCP 01566 UCP 01567	Sennheiser HeadPhones 	Accompanies ScanDisk Player
UCP 01572 UCP 01576	Rhythm & Rhyme Modified Chip	<u>Elements of Music:</u> • Familiar children’s songs, voice accompanied by piano, guitar, and flute <u>Clinical Applications:</u> • Sensory modulation difficulties • Facilitation of core activation • Promotion of vocalizations, singing, and phonological awareness
UCP 01573	More Mozart for Modulation Modified Chip	<u>Elements of Music:</u> • Featuring piano, violin, flute, harp and cello • Supports organized body movement • Invites attention outwards <u>Clinical Applications:</u> • Used late in listening program when sensory modulation

		<p>issues have improved</p> <ul style="list-style-type: none"> • Refinement of connection and social-turn taking
UCP 01574	Mozart Strings #1 Modified Chip	<p><u>Elements of Music:</u></p> <p>Three Mozart string quartets, two violins, viola and cello. Short melodic phrases</p> <p><u>Clinical Applications:</u></p> <ul style="list-style-type: none"> • Used late in a listening program when sensory modulation issues have improved. • Refinement of modulation, attention, academics and pragmatics • Enhances auditory discrimination in complex environments
UCP 01577 UCP 01578	Early Mozart Modified Chip	<p><u>Elements of Music:</u></p> <ul style="list-style-type: none"> • Mozart's earlier work, composed at age thirteen • Small orchestra <p><u>Clinical Applications:</u></p> <ul style="list-style-type: none"> • Sensory modulation difficulties • Improving overall regulation of arousal and mood • Increases social connectedness and reciprocity • Encourages a calm, quiet-alert state
UCP 01579 UCP 01580	Nature Pop Modified Chip	<p><u>Elements of Music:</u></p> <ul style="list-style-type: none"> • Familiar music selections interwoven with nature sounds • Voice accompanied by strings, piano, flute, woodwinds, percussion and nature sounds • Very rhythmical <p><u>Clinical Applications:</u></p> <ul style="list-style-type: none"> • Poor spatial awareness and organization • Core activation & Sensory Modulation
UCP 01582 UCP 01583	Pop Tunes Modified Chip	<p><u>Elements of Music:</u></p> <ul style="list-style-type: none"> • Guitar, drums, bass, keyboard • Electronic effects provide novelty to capture and retain attention • Powerful rhythms in techno, rock, and slow beats ignite and support movement through variety <p><u>Clinical Applications:</u></p> <ul style="list-style-type: none"> • Postural activation • Energizing • Increased affective expression • Supports motor planning, bilateral integration and praxis
UCP 01586	Baroque for Modulation Modified Chip	<p><u>Elements of music:</u></p> <ul style="list-style-type: none"> • Chamber orchestra and flute <p><u>Clinical Applications:</u></p> <ul style="list-style-type: none"> • Postural, core and breath activation
UCP 01587	Bach for Modulation Modified Chip	<p><u>Elements of Music:</u></p> <ul style="list-style-type: none"> • Violin, cello, harpsichord, orchestra • Weaves between fast and slow tempos <p><u>Clinical Applications:</u></p> <ul style="list-style-type: none"> • Used later in a listening program when sensory modulation issues have improved • Refinement of postural, core and breath activation • Refinement of attention and receptive learning (i.e. spelling, vocabulary, facts)
UCP 01588	Vivaldi for Modulation Modified Chip	<p><u>Elements of Music:</u></p> <ul style="list-style-type: none"> • Concerto and full orchestra • Fast-slow-fast tempo (60 beats/minute) • Fast rhythms capture and maintain attention <p><u>Clinical Applications:</u></p> <ul style="list-style-type: none"> • Refinement of sensory modulation and postural activation • Difficulty discriminating background/foreground sounds
