

TECH TOOLS, A DEVELOPMENTAL TECHNOLOGY LIBRARY CATALOG

A program of United Cerebral Palsy of Nebraska

Host Site:
Family Physical Therapy at Fountain Point

Introduction:

Play is an essential component of growing up. As children engage in play, they practice and master specific physical, psycho-social, emotional, and creative skills necessary for understanding and interacting with the world around them.

The **Tech Tools, A Developmental Technology Library** allows individuals of all ages and abilities to explore the world of play and participate more independently within their environment, at home, or at school.

Tech Tools is a unique program offered through [United Cerebral Palsy of Nebraska](#). The lending library consists of sophisticated augmentative technology and devices for individuals with a special need. These adapted toys and devices are loaned to families, professionals and other care providers at no cost.

In this catalog you will find a description of each item in the library located in Family Physical Therapy at Fountain Point. Listed below are categories and generalized types of items:

Adapted Toys (Switch Required)	Leisure/Recreation
Adapted Toys (Non-Switch)	Sensory
Adapted Supports	Switches
Communication Devices	Therapeutic Listening System

FAQ: Why are these libraries needed?

Market prices of adapted toys and devices can be 3-5x that of normal toys, placing additional financial burden on families/guardians already navigating inordinate care-related costs. Given children's quickly changing interests and these high costs, people with disabilities tend not to have adequate access to them for play, inclusion and independence. Items are available on loan so they can be tested before a costly purchase.

Adapted Toys (Switch Required)

UCP 02254	Switch Adapted Explore 'N Grow Busy Gears 	A switch adapted musical light up toy. With capability switch the colorful gears spins and swirl, with fun music, twinkling lights and lots of giggles in the background! This toy helps encourage development of Fine Motor Skills, Cognitive Learning and Sensory Development.
UCP 02269	Fish & Glow Spinner 	Teaching cause and effect is easy with this cheerful and visually appealing toy. Just press a capability switch to hear lively music, see swirling colors and watch three little goldfish spin around in their bowl. Encourages visual attention and listening skills.
UCP 02397	Racing Around 	Vroom, vroom! Race car lovers will be captivated watching these three colorful cars on springs, bounce and spin while music and race car sounds play. Just activate a switch and let the race begin! Great for teaching cause and effect and promoting visual attention. Three removable cars included.
UCP 02398	Dance and Move BeatBo 	Activate any one of the colorful switches on Beatbo's base and he breaks into disco mode. Beatbo's tummy lights up with multicolor LEDs, while he moves his hips and nods his head to the music. A fun and versatile toy that teaches letters, numbers, colors, cause and effect and more, Beatbo can be used in three modes—dancing, learning & games and record-a-phrase.
UCP 02489	Sound Pillow 	Has four sound choices; music, water, white noise and heartbeat. Remove the sound machine from the pillow, select a sound choice and attach a switch. Replace the machine and now the user can turn the sound on and off. Pillow has two-speed vibration and is covered with a soft, comfortable corduroy fabric. Sound machine has a 15-minute auto timer shut off.
UCP 02488	Cool Beats Penguin 	This penguin teaches letters, numbers, colors and opposites through more than 80 ten-second songs and phrases. Push on one foot and he sings about colors and opposites. Push the other foot for songs about letters and numbers. When activated, he flaps his flippers, rocks back and forth, and his belly lights up with different colors. Includes an on/off switch with volume control. Interacts with Smooth Moves Sloth #02625 <i>Note: Works with or without a capability switch</i>
UCP 02625	Smooth Moves Sloth 	Lights, sounds and songs play while Smooth Moves' head bobs from side to side. Activate your capability switches to get the fun started. 85 songs and phrases help introduce counting and colors. Works with or without a switch. Interacts with Cool Beats Penguin #02488 <i>Note: Works with or without a capability switch</i>

Family Physical Therapy at Fountain Point
3901 W Norfolk Avenue
Norfolk, Nebraska 68701
402-371-4690

UCP 00487	Clubhouse Fun Mickey 	Mickey sings the “Hot Dog” song and four fun phrases when the user activates a capability switch. Mickey’s T-shirt graphic lights up. Comes with a stand for easy play.
UCP 02271	Aqua Dome 	This unique device uses water, lights and music to create a soothing, multisensory experience. To operate, activate a capability switch and observe a soft rainbow of changing lights glimmering through gently flowing water. Optional calming music completes the experience!
UCP 00345	Carnival Tube 	It’s a magical combination of sound and color that will captivate the young and old. Watch and listen as a rainbow of multi-colored beads and lights cascade through the tube. Great for encouraging reaching, swiping and grasping. <i>Note: Works with or without a capability switch</i>
UCP 02643	LED Fan 	Stay cool and be entertained with this extraordinary adapted fan that’s also a light show! With just the push of the button, the fan’s LED lights create more than 30 different color patterns. Two suction cups hold the fan in place. <i>Note: Works with or without a capability switch.</i>
UCP 00352	Bladeless Fan 	Provides a cooling breeze without the use of any blades. The portable fan includes a cooling sponge that can be dampened and inserted in the fan to activate the cool breeze feature. <i>Note: Works with or without a capability switch</i>
UCP 02490	Lights and Sounds Stacker 	So much learning packed into one stacking toy—and in English and Spanish! Stack this toy’s three colorful rings or press on the duck’s head or one of three switches to make lights dance and music play! This cute little duck plays songs, animal sounds, and teaches ABCs and 123. <i>Note: Works with or without three capability switches</i>
UCP 02622	Ring Around Bells 	Using the attached yellow switch, users make its colorful bells twirl and play the musical scale. You can also use a separate capability switch to activate it or twirl the toy’s bells by hand. Ring Around Bells encourages listening, grasping and increases eye hand coordination.

UCP 02641	Sky High Fubbles Bubble Machine 	Get ready to dance and play under a cloud of bubbles! The Sky-High Bubble Machine uses seven bubble wands to create tons of bubbles that fly up in the air and gently float down. Just fill the reservoir on the top of the machine and push the button of a capability switch and watch the fun begin.
UCP 00426	Musical Light Box (Red) 	This multi-purpose box can be used as a bright backlight for tracing or as a light source for people with visual impairments. Increases visual attention and is great for working on pre-writing and writing skills. Note: can be used with or without a capability switch.

Adapted Toys (Non-Switch)

UCP 00343	Mini Multi-Colored Bead Chain 	This popular bead chain has a unique design for users who can reach through to the base. When a hand passes over the light sensor, a red light blinks and music plays. This provides wonderful visual auditory and tactile experiences.
UCP 00299	Hide-n-Squeak Eggs 	This interactive squeak toy contains six colorful squeaking eggs for kids to play with. The colored chicks chirp when their heads are pressed down. Helps improve memory, recognition of colors, shapes and sorting.
UCP 02722	Bilingual Musical Cow 	This interactive cow toy promotes crawling and walking, helping develop gross motor skills as they explore and interact with it. Bilingual play and volume control.
UCP 02723	Dottie the Fine Motor Cow 	Dottie is ready for fine-motor fun! Build hand strength, twister grasp, and other fine motor skills. No pieces to lose - pop them in, pull them out!
UCP 02253	Desktop Busy Box 	This compact-size busy box will provide hours of fun and multisensory stimulation. Spin the cube and discover diverse tactile experiences, mirror, bead chains, multicolored lights, music and vibration. Press the cube's red plate to hear a 10-second pre-recorded message.

UCP 02644	Textured Orbit Ball Switch 	<p>This colorful textured ball inspires tactile exploration. Touch it and be rewarded with glowing rainbow lights, music and subtle vibration. The hidden control at the bottom of the switch allows the user to turn one or more sensory features on and off. Also can be used as a switch alone.</p>
UCP 02724	4-in-1 Joystick Switch 	<p>The user can move the joystick in any direction to play a toy, activate a device and more. Ideal for multi-switch inputs, so users can access many switch-activated devices. Connect up-to four cords to switch-activated devices using the jacks on the side of the joystick.</p>
UCP 02725	Senso Dot Vibrating Switch (Blue) 	<p>Provides a somatosensory experience when activating any toy or device. The slightest push on any part of the dome will activate a device while the user feels a soft vibration.</p>
UCP 02726	Senso Dot Vibrating Switch (Yellow) 	<p>Provides a somatosensory experience when activating any toy or device. The slightest push on any part of the dome will activate while the user feels a soft vibration.</p>
UCP 02249	Plate Switch 	<p>Ergonomically designed to respond to even the gentlest touch, this brightly-colored plate switch will give users the power to control toys and devices.</p>
UCP 02256	Gumball Switch (Blue) 	<p>Recognized for their high quality and dependability, these best-selling switches feature a 2½" activation surface. Provides extraordinary tactile and audible feedback. Comes with two plastic covers – one with a lip, one without.</p>
UCP 02255	Gumball Switch (Green) 	<p>Recognized for their high quality and dependability, these best-selling switches feature a 2½" activation surface. Provides extraordinary tactile and audible feedback. Comes with two plastic covers – one with a lip, one without.</p>

UCP 02258	Rainbow Switch (Orange) 	The slightest touch will activate any adapted device
UCP 02259	Pancake Switch (Green) 	Easy activation! Touch the sensitive outside rim or anywhere on the top surface and activate any switch adapted toy or device.
UCP 02265	Pancake Switch (Blue) 	Easy activation! Touch the sensitive outside rim or anywhere on the top surface and activate any switch adapted toy or device.
UCP 02267	Bright Red Switch 	Its large target area and bright red color make this a great choice for those who are visually impaired. Simple to operate, this versatile switch lights up and vibrates when pressed, and will also activate an adapted toy or device.
UCP 02623	Lady Bug Switch 	With the gentlest touch, this colorful switch gives users a choice of lights, music and/or vibration. Select one, two or all three sensory rewards!
UCP 02727	Pinch Switch 	Small enough to be held in the hand of a child, this simple, sensitive switch activates toys and devices with the gentlest pressure. The perfect way to teach grasping, fine motor and prehension skills.
UCP 02395	Sound Activated Switch 	Perfect for people with very limited mobility, this ultra-sensitive switch can be activated with a clap or a whisper. Choose between three modes: in timed mode, adjust the switch to remain on for 1 to 120 seconds post-activation; in on/off mode, one sound turns on the device and another sound turns it off; in momentary mode, the device is activated for the duration of sound detection. The switch can also be adjusted for sound sensitivity.
UCP 02396	Switch Modifier 	Transforms any momentary switch into an on/off or timed one. The adjustment feature requires users to press the switch for 1-15 sec before the device is triggered. Once intention time is set, choose between momentary, on/off or timed modes. The momentary mode, your toy will stay on as long as you maintain pressure on the switch. In the on/off mode, your device will turn on when the switch is pressed once and will turn off when the switch is pressed again. In timed mode, your toy or device will stay on for a preset amount of time (1-120 seconds).

Therapeutic Listening System

UCP 02514 UCP 02515 UCP 02516	SanDisk Clip Jam MP3 Player & Wall Chargers 	Therapeutic Listening is an evidence-based auditory intervention intended to support individuals who experience challenges with sensory processing dysfunction, listening, attention, and communication.
UCP 02517 UCP 02518 UCP 02519	Headphones 	Accompanies SanDisk Player
UCP 02498	Pop Tunes Modified Chip	<u>Elements of Music:</u> • Guitar, drums, bass, keyboard • Electronic effects provide novelty to capture and retain attention • Powerful rhythms in techno, rock, and slow beats ignite and support movement through variety <u>Clinical Applications:</u> • Postural activation, Energizing, increased expression • Supports motor planning, bilateral integration and praxis
UCP 02499	Vivaldi for Modulation Modified Chip	<u>Elements of Music:</u> • Concerto and full orchestra • Fast-slow-fast tempo (60 beats/minute) • Fast rhythms capture and maintain attention <u>Clinical Applications:</u> • Refinement of sensory modulation and postural • Difficulty discriminating background/foreground sounds • Sensitivity to sounds in higher frequency range, including speech • Refinement of attention, language, and academic skills
UCP 02502	Baroque for Modulation Modified Chip	<u>Elements of music:</u> • Chamber orchestra and flute <u>Clinical Applications:</u> • Postural, core and breath activation
UCP 01469	Easy Listening Modified Chip	<u>Elements of Music:</u> • Soft familiar rhythms <u>Clinical Applications:</u> • Improves concentration • Regulates sleep patterns
UCP 02503	Apricot Jamz Modified Chip	<u>Elements of Music:</u> • Familiar musical selections revolving around jungle themes • Percussion and drums reinforce sound patterns <u>Clinical Applications:</u> • Sensory modulation • Promotion of bilateral integration, timing, and sequencing • Facilitation of auditory-motor integration, postural organization, and core activation

UCP 02493	Grape Jamz Modified Chip	<u>Elements of Music:</u> <ul style="list-style-type: none"> • 2 percussionists, bass, guitar, piano, woodwinds • Basic familiar melodies with improvisation <u>Clinical Applications:</u> <ul style="list-style-type: none"> • Postural organization and core activation • Basic timing, Auditory-motor integration
UCP 02504	Peach Jamz Modified Chip	<u>Elements of Music:</u> <ul style="list-style-type: none"> • Familiar children's songs • Enhances body awareness and grounding for place in space <u>Clinical Applications:</u> <ul style="list-style-type: none"> • Sensory modulation difficulties Opens windows for vocalizations, emotional tone, and connectedness
UCP 02505	Spanish Peach Jamz Modified Chip	<u>Elements of Music</u> <ul style="list-style-type: none"> • Familiar children's songs in Spanish • Gentle voice accompanied by piano, guitar, and cello • Enhances body awareness and grounding for place in space <u>Clinical Applications:</u> <ul style="list-style-type: none"> • Sensory modulation difficulties • Opens windows for vocalizations, emotional tone, and connectedness • Promotion of body-voice connection with expression of physical "me" • Facilitation of core activation
UCP 02506	Razzberry Jamz Modified Chip	<u>Elements of Music:</u> <ul style="list-style-type: none"> • Classic children's songs that appeal to a wide age range • Broad range of harmonics • Shifting rhythms and jazzy improvisations <u>Clinical Applications:</u> <ul style="list-style-type: none"> • Encourages engagement and sensory modulation • Elicits a wide array of social expression and interaction • Supports core movement patterns necessary for motor planning
UCP 02494	Strawberry Jamz Modified Chip	<u>Elements of Music:</u> <ul style="list-style-type: none"> • Classic and contemporary children's songs • Voice accompanied by strings, piano, flute, woodwinds, percussion, and nature sounds • Attention and foster connection and communication <u>Clinical Applications:</u> <ul style="list-style-type: none"> • Core activation with emotional tone • Language/communication skills • Sensory modulation
UCP 02495	Surf Jamz Modified Chip	<u>Elements of Music:</u> <ul style="list-style-type: none"> • Surf genre music with guitars (electric, rhythm, acoustic), keyboard, drums <u>Clinical Applications:</u> <ul style="list-style-type: none"> • Sensory modulation • Refinement of timing and sequencing • Facilitation of postural organization and core activation • Good initial selection for teenager
UCP 02507	Nature Classics Modified Chip	<u>Elements of Music</u> <ul style="list-style-type: none"> • Has classical pieces from Bach and Carulli • Helps with organization, focus and structure • Played by small groups of musicians, thus helping with following the melody (sequencing) and not overwhelming one with a full orchestra (Flute and Piano, Flute and Guitar and Violin, Flute & Guitar <u>Clinical Application</u> <ul style="list-style-type: none"> • Refinement of spatial awareness and spatial organization • Difficulties with academic organization, motivation, and attention • Refinement of postural organization and facilitating grounded attention outward due to the melodies that invite a focused attentiveness while keeping the space around you present
