

TECH TOOLS, A DEVELOPMENTAL TECHNOLOGY LIBRARY CATALOG

A program of United Cerebral Palsy of Nebraska

**Host Site:
Munroe-Meyer Institute**

Introduction:

Play is an essential component of growing up. As children engage in play, they practice and master specific physical, psycho-social, emotional, and creative skills necessary for understanding and interacting with the world around them.

The **Tech Tools, A Developmental Technology Library** allows individuals of all ages and abilities to explore the world of play and participate more independently within their environment, at home, or at school.

Tech Tools is a unique program offered through [United Cerebral Palsy of Nebraska](#). The lending library consists of sophisticated augmentative technology and devices for individuals with a special need. These adapted toys and devices are loaned to families, professionals and other care providers at no cost.

In this catalog you will find a description of each item in the library at [Munroe-Meyer Institute](#). Listed below are categories and generalized types of items:

Adapted Toys (Switch Required)	Leisure/Recreation
Adapted Toys (Non-Switch)	Sensory
Adapted Supports	Switches
Communication Devices	Therapeutic Listening System

FAQ: Why are these libraries needed?

Market prices of adapted toys and devices can be 3-5x that of normal toys, placing additional financial burden on families/guardians already navigating inordinate care-related costs. Given children's quickly changing interests and these high costs, people with disabilities tend not to have adequate access to them for play, inclusion and independence. Items are available on loan so they can be tested before a costly purchase.

Adapted Toys (Switch Required)

UCP 00995	Pony Pal 	Watch Pony Pal walk, talk and make animal sounds. <i>Spot clean only</i>
UCP 01000	Plush Donkey 	This plush toy has been adapted with a jack for a switch and when the switch is activated, the donkey walks, growls and wags it's tail. <i>Spot clean only</i>

Comes with on/off or momentary switch activation. A truly captivating experience that improves visual attention and listening skills.
UCP 00306	Tabletop Frosted Tube 	Enjoy a calming visual and auditory experience with this versatile sensory tube. Press and hold a switch and watch red, blue and green lights illuminate the tube as soothing music plays.

Adapted Toys (Non-Switch)

UCP 01158	Explore-a-Center 	Provides the user with eight activities which turn on multi-colored blinking lights, mechanical music, vibration and many different sounds. Encourages parallel play. Perfect for learning about cause and effect and provides a tactile and auditory
-----------	--	--

UCP 02275	Sensational Textured Activity Center 	Offers a truly multisensory experience. Includes six textured plates in high contrast colors that activate mirrors, fans, music, songs, lights, sound effects, spinning beads and more. Note: Ribbon button missing
UCP 02250	Visually and Hearing Impaired Activity Ctr 	Enables individuals who are visually or hearing impaired to experience the joy of play. Includes a soft cloth that spins when the player presses a bright yellow plate, a bright blue plate that vibrates, and a fan.
UCP 00370	Learn and Dance Zoo Activity Center 	Go on safari with this interactive toy that teaches about animals in the wild. Four colorful buttons on the toy's base and four colorful plates atop its trees introduce animal friends with short, playful songs. Offers a great cause and effect experience.
UCP 02444	Glitter Pin 	Uniquely designed, this toy has three compartments full of multicolored beads. As they tumble, feel gentle vibration, see colored lights, and hear music! Great for visual, auditory and tactile stimulation.
UCP 00366	Interchangeable Texture Roller 	Comes with five colorful rollers each with a different texture. Just slip off one roller and slip on another. Yellow blinking lights and a mirror on the toy's base encourage the user to reach out and spin the roller, turning on multi-colored blinking lights and music. A wonderful way to practice reaching, grasping and swiping.
UCP 02653	Motion Sensor Bead Chain with Lights & Music 	Rewards are in store when users reach out for this motion sensory bead chain. As their hands pass over the toy's light sensor its red-light blinks and music plays, providing auditory, visual and tactile stimulation.
UCP 02445	Flip Flop 	Terrific for increasing visual attention and tactile stimulation. Spin the dome & feel vibration, multicolored lights, colorful glitter, multi-colored beads reflections in a mirror, and hear upbeat songs. It has two different on/off switches: one to control the music, the other to control the lights, vibration, and beads inside the domes.
UCP 00209	Spinning Symphony 	A fantastic way to enhance musical interest and engage in active exploration which helps to increase auditory development and listening skills. Hear six different Mozart compositions.
UCP 02446	Entangled Dome 	Press anywhere on the dome, its base or rim to activate lights, music and vibration. Increases visual and auditory attention and tactile awareness.

UCP 02447	Gel Pad Activity Center 	Three gel pad switches make this especially appealing. Press green switch to make a fan blow & music play; red switch has a spinning light & music; yellow switch vibrates while colorful glitter whirls around a dome & music plays. Provides terrific auditory, tactile and visual stimulation.
UCP 02449	Kissing Critters 	These loveable little critters need the user's help to find each other! When their noses are lightly touched together the user is rewarded with lights, music and vibration. A fun way to develop hand-eye coordination.
UCP 00300	Hide-n-Squeak Eggs 	This interactive squeak toy contains six colorful squeaking eggs for the user to play with. The colored chicks chirp when their heads are pressed down. Helps to improve memory, recognition of colors, shapes and sorting.
UCP 02750	Desktop Busy Box 	Spin the busy box and discover different tactile experiences along with multi-colored lights, a mirror, music and vibration. When the user presses the red plate, a pre-recorded message plays with 10 seconds of recording time.
UCP 02583	Talking Shape Recognition Busy Box 	Record a message for each shape and explore the many different tactile textures while hearing your message played. Encourages shape and color recognition while the mirrored background is wonderful for self-exploration. Each shape has 30 seconds of total recording time
UCP 01146	Sensory Motor Language Busy Box 	When the user activates the tactile buttons, glitter flies around the dome. The T-handle helps increase grip. Music plays when the handle is moved all the way forward. When the mouth shape is pressed, pre-recorded messages play sequentially with 300 seconds total recording time. The mirror that can be used with the message playback for imitating sounds and pronunciation
UCP 01033	Finger Isolation Busy Box 	Upon activation, the five colorful buttons produce an assortment of stimulation including lights, vibration, music, and gentle breezes. Great for learning colors and for a tactile and auditory experience. <i>Note: green finger button does not work</i>
UCP 01149	Town & Country Busy Box 	This colorful busy box helps increase fine motor skills and provides visual and auditory stimulation through movement, lights and music. <i>Note: missing train and helicopter</i>

UCP 00983	All That Glitters 	Enjoy dazzling vibration, lights, music, glitter and flying beads! This dynamic experience invigorates the user's auditory, visual and tactile senses.
UCP 01037	Curiosity Cube 	This cube has six sides of activities for the user to explore. From a moving bead maze to spinning disks.
UCP 01098	V-Tech Fly and Learn Globe 	Explorers and animal lovers alike can jump into the pilot's seat to get a closer look at our living planet. Users will love piloting the plane on the globe to new sites and animal habitats around the world.
UCP 01095	Alphabet Apple 	This learning apple features fun, letter-specific animal graphics on each of the 26 letter buttons and a Music Mode with 26 melodies to explore. Slide the worm in the apple to select one of five modes (Letters, Sounds, Find It, Before & After & Music).
UCP 02426	Kidoozie Lights and Sounds Shape Sorter 	Features six different shapes and color blocks that fit into a corresponding section. The blocks contain various surprises that the user will love including fun textures, mirrors, rattles, and even a ball-in-the-hole block. The shapes' bases light up as the toy plays music for even more enticing fun! Encourages problem solving.
UCP 00360	Textured Tunes, Lights, Music & Vibration 	Mounted on a lazy susan for easy access of experiencing all the different tactile modes and comes with four interchangeable tactile colorful balls, bead chains, multi-colored blinking lights, six upbeat musical tunes and vibration which can be turned on or off. <i>Note: green tactile ball is broke</i>
UCP 02456	Lighted Musical Tunes 	Activate the large, textured plate to experience bright orange light, soft vibration & six high-fi recordings that run the gamut from rock & classical to easy listening & Latin, to New Age & Western. Provides a satisfying multisensory experience.

Adapted Supports

UCP 02450	Writing Bird 	A unique writing device for people with limited hand coordination, dexterity or a weak grasp. Ideal for people with arthritis or neurological disorders. Perfect for individuals who lack thumb to fingertip pinch.
-----------	--	---

UCP 02458	Special Tomato Soft Touch Sitter (Blue) with Floor Wedge (Grey) 	An adaptive seating system that provides support in a variety of sitting positions. The floor wedge allows the user to be fully supported while on the floor. This level of seating is great for interaction between children with special needs and peers that are playing on the floor. Latex free. Target weight: 20-30 lbs. Target height: 30-35 Target age: 1-2 years
UCP 02459	Special Tomato Soft Touch Sitter (Purple) with Floor Wedge (Grey) 	An adaptive seating system that provides support in a variety of sitting positions. The floor wedge allows the user to be fully supported while on the floor. This level of seating is great for interaction between children with special needs and peers that are playing on the floor. Latex free. Target weight: 30-60 lbs. Target height: 35-48 Target age: 2-6 years
UCP02460	Keekaroo Height Rights Kids Chair 	This wooden chair with a soft cooshie seat grows with the user, from ages 3 and up to 250lbs. Offering secure positioning support for the user with minimal physical disabilities that need foot support when seated at a table. Adjusts easily for positioning at varying table heights. <i>Note: If the potential user self-stimulates using vestibular Movements (rocking back and forth or side to side), this product might not be the best choice to meet the individual's needs.</i>
UCP 02749	Sit & Twist Active Seat Cushion 	This 120-degree rotating pivot disc smoothly spins for active movement, enabling users to silently twist and turn. The non-skid base keeps the sensory fidget tool secure on a chair or on the floor. Supports up to 300lbs. Removeable machine washable cover.
UCP 02711	Wiggle Feet Sensory Cushion 	This under a desk/table/chair fidget tool facilitates movement while at school, work or home, leading to greater productivity. Dual-textured surfaces provide flexible nubs on one side and bumps on the other for optimal stimulation. An excellent option for improving bilateral coordination, balance and stabilization.
UCP 02747	Wiggle Wobble Chair Feet 	User's concentration grows as they rock back, forth, and all around on their wobble chair. Continuous movement increases blood flow to the brain, enabling greater attentiveness. Frequent movements act as calming tool for fidgety user's while seated, providing sensory relief by reducing stress. Set of 4

Communication Devices

UCP 02431	Small Talk Sequencer with Levels 	4 level communicator to choose from in addition to its single, sequential, and random message capabilities. Select a level with the rotary dial located on the underside of the unit. Each level can record up to 75 seconds.
-----------	---	---

Leisure/Recreation

UCP 02448	Activity Gym 	This versatile and interactive toy offers five different activities as well as music, flashing lights and a mirror. Encourages grasping, reaching, eye-hand coordination, gross motor skills development and tactile stimulation.
UCP 02748	Balance Stones 	This ten piece brightly colored stepping stone set promotes physical activity inspiring the user to jump, stretch, climb and balance for full body exercise. The textured surface and non-skid rubber bottoms ensure a secure environment whether indoor or outdoors. 3 Large an 7 small. Includes spinner.

Sensory

UCP 02501	Sensory Pillow 	Learn through play. These pillows are sure to amaze and help the user work on real like skills.
UCP 02427	Reversible Sequins Glitter Fabric 	The user can change the design with a slide of their hands rainbow to silver and back. Just touch and flip the sequins to draw different objects or letters. It can be used on different places such as floor, wall, tabletop. Pleasant finger tactile stimulation and visual tracking exercises.
UCP 02422	Loftek LED Light Ball (8-inch) 	Cordless & waterproof with remote. Customizable colors and multiple controls. 16 static colors, 5 brightness adjustments and 4 dynamic lighting modes (Fade, Smooth, Flash & Strobe). LED makes uniform soft color light that doesn't hurt eyes.
UCP 02654	LED Cube Chair with Remote 	This glowing chair supports over 350 pounds. With 16 colors, 4 modes and 8 brightness offers remote or on-product button control.

UCP 02428	Wipe Clean Weighted Lap Pad (Small) 	For users weighing 30+ lbs. Designed to support the user with various sensory needs. Put the wiggles to rest, when it's time to sit still and focus this lap pad helps the user to promote self-regulating skills. Just wipe down to clean!
UCP 02429	Wipe Clean Weighted Lap Pad (Medium) 	For users weighing 50+lbs. Designed to support the user with various sensory needs. The deep pressure provided by this weighted lap blanket soothes and serves as a gentle reminder to focus and not fidget. Place on lap while seated or across the back when lying down. Just wipe down to clean!
UCP 02430	Wipe Clean Weighted Lap Pad (Large) 	For users weighing 75+ lbs. Designed to support the user with various sensory needs. Put the wiggles to rest, when it's time to sit still and focus this lap pad helps the user to promote self-regulating skills. Just wipe down to clean!

Switches

UCP 02593	Adjustable Angle Switch 	Extremely accessible, this 5-inch, switch can be adjusted from a 32 to 90-degree angle to accommodate the unique needs of every individual.
UCP 02433	Jumbo Switch (Purple) 	Easy to use and just right for people with limited target ability. Simply press the switch once to turn on a device and press it again to turn it off. Includes two clear plastic covers – one with a lip, one without.
UCP 02598	Jumbo Switch (Blue) 	Easy to use and just right for people with limited target ability. Simply press the switch once to turn on a device and press it again to turn it off. Includes two clear plastic covers – one with a lip, one without.
UCP 02414	Pancake Switch (Green) 	Easy activation! Touch the sensitive outside rim or anywhere on the top surface and activate any switch adapted toy or device.

UCP 02592	Extra Sensitive Adaptive Switch 	Brightly colored and extremely touch sensitive. Simple to operate. This switch has a 21 inch long cable with fully enclosed wires. Compatible with most adapted toys (1/8 jack).
UCP 02416	Rainbow Switch (Orange) 	The slightest touch will activate any adapted device.
UCP 02435	Holiday Gumball Switch 	Features 2 ½ inch activation surface and is recommended for all who can access a smaller target area. Simply press anywhere on the gumball switches colored top to activate a toy or device.
UCP 02415	Gumball Switch (Yellow) 	Recognized for their high quality and dependability, these switches feature a 2½" activation surface. Provides extraordinary tactile and audible feedback. Comes with two plastic covers – one with a lip, one without.
UCP 02597	Gumball Switch (Blue) 	Recognized for their high quality and dependability, these switches feature a 2½" activation surface. Provides extraordinary tactile and audible feedback. Comes with two plastic covers – one with a lip, one without.
UCP 01451	Mini Gumball Switch (Yellow) 	A smaller version of the original gumball switch 2" Base x ½" H
UCP 01634	Rectangle Switch (Red) 	Sensitive light touch.
UCP 01635	Rectangle Switch (Purple) 	Sensitive light touch.
UCP 02594 (Dots) UCP 02596 (Lines)	Tactile Discrimination Switch 	2"x2" activation surface. Great for the visually impaired as well as sensory seekers. Activates any switch-enabled device with the lightest touch.
UCP 01011	Vertical Wobble Switch 	Can be easily activated with slight movements. Firmly secured with four suction cups.

UCP 18151	Cushion Grip Switch 	Sensitive and fits most users.
UCP 00709	Koosh Switch 	Use it as a toy and be rewarded with lights, music and vibration. When used as a switch, users can enjoy vibration and that irresistible koosh texture.
UCP 00328	Switch Modifier 	This device transforms any momentary switch into an on/off or timed one. The adjustment feature requires users to press the switch for 1 to 15 seconds before the device is triggered. Once intention time is set, choose between momentary, on/off or timed modes. In the momentary mode, your toy or device will stay on as long as you maintain pressure on the switch. In the on/off mode, your device will turn on when the switch is pressed once and will turn off when the switch is pressed again. In timed mode, your toy or device will stay on for a preset amount of time (1-120 seconds). Revised: 05/12/2026
